

# APC 2018

## 10<sup>th</sup> Asian Photochemistry Conference

Taipei, Taiwan

16-20 December, 2018

Established in 1996, the Asian Photochemistry Conference (APC) aims to provide scientists a major forum to discuss their latest developments in fundamental and applied photochemistry and related research areas. The APC has been successfully held in various countries including Australia, China, India, Japan, Korea, New Zealand, Singapore, and Taiwan. The 10th Asian Photochemistry Conference (APC 2018) is organized by Academia Sinica and National Taiwan University.

### Topics include

- Photophysics and Photochemistry
- Photobiology and Photosynthesis
- Spectroscopy and Dynamics
- Plasmonics and Nanophotonics
- Solar Energy Materials and Photocatalysis
- Photoluminescent and Photochromic Materials
- Bioimaging, Biosensing, and Phototherapy

### Registration deadline

15 October, 2018

### Abstraction deadline

15 October, 2018

### Registration Fee

Early Bird by 30 September, 2018

Regular USD550, Student USD300

After 30 September, 2018

Regular USD650, Student USD400
